THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS

Were living in perfect comfort all over the house. The Underfeed coal burning way—fuel fed from below—all the fire on top—insures as much clean, even heat from cheapest slack as highest priced coal which ordinary heating plants require. This enables Underfeed users to

SAVE 1/2 TO 2/3 OF COAL BILLS

Mr. J. E. Crider, President of the Crider Creamery Company, Fredonia, Ky., relates his Underfeed experience thus:

"We installed one of your No. 739 Underfeed furnaces in our 12-room house about two years ago. We have found the furnace very satisfactory indeed. The furnace is extremely economical, fires easily and the heat is quite evenly distributed throughout the various rooms. We use not and slack coal for fuel with perfect results and much prefer the Underfeed to any heating device with which we are familiar."

Send for our FREE books about UNDERFEED Furnaces and Boilers and let us PROVE that it will pay you to discard old-fashioned heating methods and install the satisfactory dividend-bearing Underfeed. Heating plans and services of our Engineering Department all FREE. Write today.

Mrs. Katie Mills of Forest avenue, and sister, Miss Jessie Rains, and other guests spent Sunday with their parents, Mr. and Mrs. Alex. Rains, the day being the sixty-fifth anniversary of the birth of their father.

Mr. Amos Cunningham, a noted violin player, and a boyhood friend of Mr. Alex. Rains, has been his guest several days. Mr. Cunningham, though advanced somewhat in years, yet yields the bow with alacrity and skill which might do credit to a much younger personage.

Mr. Bud Sweet, whose wheat threshing has been delayed on account of the illness of his wife, was able to conclude his tour of the county Monday when he threshed the crop of wheat for R. C. Williams and sons. Mr. Sweet has made a successful tour and with his splendid new machine has threshed over 4,200 sacks of wheat, perhaps the largest number threshed by any one machine in the county.

There's No Use Arguing!

It's time to be thinking about Coal now. It's all very well to have a pretty parlor stove, but it's no good without the right kind of coal. If your stove is not a good one, get out of it. Coal in it; then you'll have a "pull" fire in no time, with no clinkers, no choking of coal in the fire. BIGGER Coal for bigger stoves, of course.

"SHOW DAY" WILL SOON BE HERE

Magnificent Display of New Sights Promised by Sun Brothers

It is a matter of record that the Sun Brothers' Greater Progressive Shows have received a fair portion of success in the Amusement Tented Field.

Ever since the inception of this show some seventeen years ago, it has been going along in a modest way, never using any bombastic or boasting manner, however, giving the public a first-class, clean and always original show and invariably exhibiting many of the finest animal features procurable. These elements, together with the policy of not allowing the introduction of anything with an off-color, has given the Sun Brothers much enviable prestige.

"Show Day," with all its manifold joys and alluring delights, will soon be here, and the public will have an opportunity of witnessing the new great program arranged by the Sun Brothers this season. The show will come here by special railway service and will exhibit on the grounds at Mayville Monday, September 19th. Two performances will be given, matinee and night, at 2 and 8 o'clock p.m.

LINOLEUM DURABILITY

The trouble with most linoleum is that it is made from die cut color blocks pieced together; that in use the continuous grinding of dirt and the seeping of scrub water into the joints rots and loosens the blocks and starts the ruin of the linoleum. The linoleum we handle is not die cut but moulded in one solid even piece without a crack or joint from end to end. It is made for hard wear and for this greater durability you pay no higher price. 50c and 60c a Square Yard.

HANDSOME HOMES

Latest Additions To Maysville's List of Elegant Residences

The improvements in Maysville generally are nowhere more marked than in East Maysville beyond the historic Limestone.

Over \$50,000 will be spent this season on new buildings alone in East Maysville.

Mr. and Mrs. James A. Wallace are now occupying their beautiful newly remodeled residence corner Forest avenue and Commerce street. This is now one of the modern homes of Maysville, with every convenience, and has cost the owners over \$5,000.

The new pressed brick store building of Mrs. Blauchard, corner of Second and Commerce, is rapidly nearing completion and represents an outlay of \$6,000, and is a distinct and solid addition to that vicinity.

The elegant new \$10,000 home of Mr. William Groppenbacher in East Second street is receiving the finishing touches and is the first of Maysville residences to be piped for natural gas.

Godfrey Hunsicker and family are now occupying their new \$5,000 Swiss cottage, which is decidedly the most picturesque residence in that section.

The home of Mr. John Cobb, further up on East Second street, is another fine residence and is about finished at a total cost of \$4,000.

There are nearly a score of other smaller dwellings which have been either erected new or remodeled this season; besides, a general brushing up of many other similar buildings, all of which is practical evidence that East Maysville is not only on the boom, but is destined to be the residential part of our growing city.

The \$20,000 cement and iron redrying plant of the J. B. Heiser Co., corner Union and Third streets, is being rapidly built and will be ready for business when the late fall leaf tobacco market opens.

The problem which now presents itself to our City Council is that of a sewerage system for the entire East End. It will cost a pile of money, but it's a proposition that admits of no solution only to go ahead and prepare to do it.

The weather: Generally fair Wednesday and Thursday; warmer.

Mrs. Nellie Cooper of Aberdeen has brought suit for divorce from her husband, Gothrie Cooper, charging gross neglect of duty and extreme cruelty.

There will be a called meeting of Joseph Heiser Post, G. A. R., in Post room tonight to make arrangements for attending the funeral of Comrade Joseph A. Davis. All Comrades are cordially invited to be present.

SOMNAMBULIST

James, the little eight-year-old son of Mr. and Mrs. Samuel Farrow of Front street, Fifth Ward, Tuesday morning, while in a somnambulistic state, walked out of a second story window and fell to the ground, a distance of some fifteen feet, and, remarkable as it may appear, the little fellow was not injured in the least, not even a scratch, only a sudden awakening from a sound sleep.

RECKLESS SHOOTING

A mix-up between Charles Brooks, Garfield and Moreland Walker, colored, took place last evening about 6:45 o'clock in West Second street near Mackey & Co.'s livery stable that promised serious consequences for a time. The trouble was over money matters. Brooks shot at the two Walkers with a rifle, and the latter disarmed the shootist and gave him a good beating. All three were arrested and jailed. Later the Walkers were released on bail.

Police Court.

The following fines were assessed in the Police Court yesterday, Judge Whitaker presiding—

Sis Porter, breach of peace, \$15.50.
James Davis, drunk and disorderly, \$10.50.
Charles Bartholomew, same, \$25.50.
Ezie Lewis, drunk, \$6.50.

Your Physician Has Treated You For Years and Knows What You Need. He Has Studied You.

The optician who does nothing but examine your eyes and make glasses to fit them can do his part of the work very much better than the optician, who works with his mind constantly on the knife and medicine chest, can do it.

Philadelphia, Pa.—"I can truly say that Lydia E. Pinkham's Vegetable Compound and Blood Purifier saved my life. When I was 14 years old I was regular and then it went away for a long time. I went to many doctors but none helped me, so I wrote to you for advice and followed your directions. I took the Vegetable Compound and Blood Purifier and now I am strong and healthy again. I cannot express my gratitude to you." — Lizzie Weber, 4152 N. Fairhill St., Phila., Pa.

Cleveland, Ohio.—"Having suffered for five long years with suppression and great pain every month, spending big money for doctors and getting no cure, I at last went to Mrs. Pinkham's medicine with little hopes, but found just what I needed. To-day I am regular and have no pain, thanks to your advice and Lydia E. Pinkham's Vegetable Compound." — Lizzie Steiger, 5510 Fleet Ave., S.E., Cleveland, Ohio.

Is it not reasonable to suppose that a medicine that did so much for these girls will do the same for any other girl who is suffering with the same troubles?

These testimonial letters are the genuine and truthful statements from honest people.

Does it not seem the only sensible thing to give such a medicine at least a trial? You may be sure that it can do you no harm, and there is lots of proof that it will do you much good.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has aided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
